Notice to Forrest Elementary Parents/Guardians,

Due to a watermain break, there was no water in the south end of Forrest Elementary school in the Grade K to 4 area this morning from 8:30 AM – 11:00 AM. The following changes/adaptations were made to help ensure precautions for COVID 19 were in place in this unforeseen circumstance: we changed washroom co-hort designations for Grade K to 4 students and Grade 5-8 students, increased sanitization, and additional supervision was in place for hallway monitoring to maintain physical distancing and to assist with transition of students for breaks.

This situation has been rectified and we will continue with normal routines.

Sincerely,

Chad Stiles, Principal Forrest Elementary
